

Pre-Nursery Willow Class

Welcome to Willow Class and pre-nursery group. This group is designed for babies and toddlers with physical disabilities and/or complex medical needs and their parents. Pre-school age siblings are also welcome. Every Thursday in term time from 10.00am-12.00pm, we will have a variety of toys and activities to play and explore with. We have break time at 10.30am where juice, fruit and biscuits will be available. We also have an interactive music & singing session for you to join in with us.

All Willow Class staff will be on hand to offer any advice required. We also have a changing room attached where you can change your child if needed. We only ask that you check with a member of staff first, as it gets quite busy and children from other classes may be there. We also ask that you stay with your child for the duration of your visit as we have full time pupils with us who we are responsible for.

We really hope you can join us and look forward to meeting you 😊
